## Sonesse® – Quiet motor range

DESIGNED FOR ACOUSTIC COMFORT, DESIGNED BY SOMFY

### Noise: an important part of the solution

In the office and home, a **quiet environment is viewed as a key factor for well-being**. Somfy is committed to helping you improve the standard in your markets. With the Sonesse® range, **Somfy quiet drive motors help you to deliver these solutions**.

### Innovation and sound control

The Sonesse® range of high-acoustic-performance motors and accessories has been developed by Somfy's global team of engineers and technicians using state-of-the-art research and development tools. In total, the brand has registered **six patents** for the Sonesse® range, with Sonesse® 30 receiving a Window Covering Manufacturers Association (WCMA) Product Innovation Award.

### Somfy: the creator of intelligent motorised solutions

With 40 year experience providing motorisation solutions for building openings, Somfy has developed an unrivalled choice of solutions including motors, control units, automatic devices and transmission technologies.

## Make quiet drive motors the new standard in your offer

The brake, rotor, gear box and accessories are all **specially designed to absorb sources of noise.**

To improve acoustic performance, a specific range of tube adapters have been developed for the Sonesse® 40 range, helping you to create an offer that provides maximum acoustic comfort, from design to integration.

## Somfy reliability

Sonesse® motors and accessories comply with European and international safety standards. All Somfy products are tested during production. Somfy guarantees its products for 5 years for its installer and manufacturer clients.

## Sonessse® – The range of quiet motors

DESIGNED FOR SUCCESSFUL BUSINESS

### Sonessse®: an offer designed for you

- **Offer quiet, customised, value-added interior window coverings** that set you apart from the competition and help you to gain new business.
- **Receive assistance at every stage of the installation process** to ensure that your ultra-quiet motorised products offer the very best performance.
- **Optimise your productivity.** The Sonessse® motor is so easy to integrate that you can optimise your productivity without changing your assembly methods.

### Somfy: a long-term professional partnership

Somfy is committed to building long-term partnerships to ensure that you benefit from the very latest advances in acoustic performance for interior motorised products.

To help you meet the challenge of quiet operation, we are creating a network of partners and experts specialised in accessories and fabrication that maximise the noise reduction benefits of the Sonessse® range.

**Thanks to these partnerships, the acoustic quality of your products will remain at the cutting edge of the market.**

# DESIGNED FOR ALL APPLICATIONS

Bring your creation to life

Sonesse® is available in a wide range of torques and speeds to motorise all interior window covering applications.

**ROLLER BLINDS**

**VENETIAN BLINDS**

**ROMAN BLINDS**

**PLEATED & CELLULAR  
BLINDS**

**PROJECTION SCREENS**

# Sonesse® – The range of quiet motors

DESIGNED FOR ALL PROJECTS

## People: our number one priority

Acoustic and thermal comfort, simplicity, privacy, natural light quality and sustainable performance are the driving forces behind our product development processes. That's why the Sonesse® range offers **an unrivalled choice of motors, accessories and automatic devices** designed with well-being and the environment in mind.

## ■ YOUR RESPONSE TO COMMERCIAL BUILDING REQUIREMENTS

### Creating design-inspired, sustainable architecture with bioclimatic façades

Sonesse® motors are compatible with Somfy's bioclimatic façade management systems. They act as automatic, intelligent filters that adjust the amount of natural light without affecting noise levels.

Benefits:

- Improved thermal and visual comfort
- Energy savings
- Reduced maintenance costs
- Infinite architectural possibilities

## n YOUR RESPONSE TO RESIDENTIAL REQUIREMENTS

### Creating a living home that meets user needs

Sonesse® solutions are easy to install and are compatible with home automation and centralised management systems. Sonesse® motors fit perfectly into all decors and offer a wide selection of control units for long-term benefits: **privacy, control, visual / acoustic and thermal comfort... and occupant well-being.**

Compatible with the full range of RTS radio handsets, wall switches and automatic controls

#### Telis 1 RTS

To operate a single blind or a group of blinds.

EXCLUSIVE TO SOMFY

#### Telis 1 Modulis RTS

To operate a single Venetian blind or a group of Venetian blinds. Central thumbwheel for accurate and intuitive adjustment of the slat tilt.

NEW

#### Telis 16 RTS

Remote control that allows you to control up to 16 groups, each containing one or more products. A large screen makes selection easier.

NEW

#### Smoove 1 RTS

Wall-mounted, touch-sensitive room control unit to operate one blind or one group of blinds.

Compatible with home automation systems

#### RS485 RTS interface

To control all Radio Technology Somfy® applications via a centralised control system.
